

How to heal from an sexually transmitted disease: Erica Jermanus

Many Christians in the world today have been sleeping around and having sex with multiple partners. This is called fornication, and it is a sin that is leading many Christians to hell. Many jump around from one relationship to another because they are not healed from within. Christians think that sleeping around is what is going to make them feel loved and validated. But really, men are just taking advantage of women and their bodies and using them for sex. 1 Corinthians 6:18 says, "Flee fornication. Every sin that a man doeth is without the body; but he that committeth fornication sinneth against his own body." 1 Thessalonians 4:3 says, "For this is the will of God, even your sanctification, that ye should abstain from fornication."

When men and women sleep around and have sex outside of marriage, they are transmitting sexual diseases from one person to the next. There are bacterial infections that are called chlamydia, gonorrhea, syphilis. Then, there are viral infections called HIV, genital herpes, human papillomavirus. So, if we do not want these infections or diseases, then we do not need to have sex with multiple people. We should be willing to wait on God for the spouse that He has for us in His right time.

We should not be seeking love and validation in other places other than God. Only Jesus Christ can fill the empty void inside and not sex or a man. Ask Jesus Christ to heal you and deliver you from these sexual sins and partners. Ask Him for forgiveness of the sin of fornication. 1 John 1:9 says, "If we confess our sins, he is faithful and just to forgive us our sins, and to cleanse us from all unrighteousness."

If you have one of these infections, then it is important to get treated by a doctor or a female doctor. The doctors can prescribe you medication for the infection. You can also pray for God's healing and restoration over your infection. God can use doctors and medication to treat infections if it does not alter the mind. Isaiah 53:5 says, "But he was wounded for our transgressions, he was bruised for our iniquities: the chastisement of our peace was upon him; and with his stripes we are healed." I warn you out of love that you should stop having sex outside of marriage, because it is leading you to destruction if you do not repent. Jesus Christ loves you so much, but He does not love your sins.

God wants you to go to Him instead of going to sex or a relationship. Sometimes, when we are lonely or alone, we fill our time with other things and people. I know we have all been there before. However, God wants us to go to Him and talk to Him when we are hurting and broken. He wants to fix our situation if we present it to Him. Sex is not the answer, especially outside of marriage. God created sex to be between a husband and wife. Jesus Christ is the answer to your problems. He is the only one who can mend the brokenness on the inside of you, because He made you and formed you in your mother's womb.

Ask God to help you to repent of this sin of fornication. He may have you separate from sexual partners. He may have you get delivered from soul ties and from domestic violence or sexual assault. If you have been sexually assaulted, you may need to seek healing intervention. There are support groups or therapy that you can go to to release the hurt and pain that you have undergone from a sexual assault. You may need to ask God for help to show mercy, grace, and forgiveness towards those who have assaulted you. God can help you to forgive those who have hurt you. He can help

you to pray for them and do good to them if they are still in your life.
